

## **Compliance action taken for childcare provision**

EY474448/C345875

**Date:** 18/05/2018

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 1 May 2018 we received concerns that this provider was not meeting some of these requirements. We also found that the provider had failed to notify Ofsted of a significant event. This is a requirement of registration. We sent the provider a notice of actions to improve. The provider will be able to give parents further information about this.

Action needed:

ensure that an accurate daily record is kept of the names of the children being cared for on the premises and their hours of attendance

We are satisfied that the provider has taken appropriate action. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website

for a period of five years commencing on the date we complete our investigation.
