

## **Compliance action taken for childcare provision**

251587/C343337

**Date:** 29/05/2018

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 March 2018 we carried out an unannounced inspection of the setting. The outcome of the inspection was inadequate with enforcement, you can find further details in the inspection report. We also issued a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

#### **Actions needed**

ensure the designated persons for safeguarding have a secure understanding of their roles and responsibilities and that they provide effective support and accurate advice and guidance to all other staff, including the action to take if there is an allegation about a member of staff or there are concerns that a child or family is at risk of radicalisation – by 08/05/2018

train all staff to understand the safeguarding policy and procedures and ensure they have update to date knowledge of safeguarding issues so that they are able to identify signs of possible abuse and neglect at the earliest opportunity, and respond in a timely and appropriate way – by 08/05/2018

put appropriate arrangements in place for the supervision of staff, including the manager and designated safeguarding person, to ensure they are aware of the responsibilities of their roles, with particular regard to safeguarding

and child protection issues – by 08/05/2018

ensure that all staff have regard to the 'Prevent duty guidance for England and Wales 2015' and understand how to identify and respond to concerns – by 08/05/2018

ensure that all staff, including the manager, receive induction training to help them understand their roles and responsibilities. Induction training must include information about safeguarding and child protection issues – by 08/05/2018

On 9 May 2018 we carried out an unannounced visit to the provider to monitor the notice. We found that the provider has taken all appropriate action to meet the notice. The next step will be a re-inspection.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
