

Compliance action taken for childcare provision

EY405551/C342445

Date: 05/05/2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework-2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 March 2018, we received information that raised concerns in relation to Managing Behaviour, Key persons, Medicine, Risk Assessment, Information for parents and carers, Training, support and skills, General suitable people matters and Qualifications. On 3 May 2018, we carried out an unannounced visit. We found that the provider was not meeting some of these requirements. We have served a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out.

Actions needed

ensure all staff, including the designated lead for safeguarding, have regard to the government's statutory guidance 'Working Together to Safeguard Children 2015', and the 'Prevent duty guidance' to keep children and their families safe, by 31 May 2018

implement an effective policy and procedure for administering medicines that includes systems for obtaining and keeping up-to-date information about a child's need for medication, by 31 May 2018

ensure all staff keep an accurate written record each time medication is administered, and inform the parent and/or carer of this on the same day, or as soon as reasonably practicable, by 31 May 2018

ensure all staff have sufficient understanding and use of English to ensure the well-being of all children in their care, as required, by 31 May 2018

On 1 June 2018, we carried out an unannounced visit to the provider to monitor the Welfare Requirements Notice. We found that the Welfare Requirements Notice had been met appropriately. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
