

Compliance action taken for childcare provision

504113/C347766

Date: 14/06/2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 May 2018 we inspected the childminder and found that the provider was not meeting some of these requirements. As a result, we served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The inspection report and provider will be able to give parents further information about this notice. The provider is still registered with Ofsted.

Actions needed:

improve knowledge of safeguarding procedures, including the action to take if there are any concerns about a child's well-being and the correct allegation management procedures by 7 June 2018

ensure that risk assessments are effective in identifying and removing any risks or hazards to children by 7 June 2018

ensure that a daily record is kept of the names of the children being cared for on the premises and their hours of attendance by 7 June 2018

ensure that records are easily accessible and available for inspection,

including insurance certificates by 7 June 2018.

We are satisfied with the action taken by the provider and the next steps will be an inspection.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
