Summary of key findings for parents

The provision meets requirements

- The childminder is familiar with the safeguarding and welfare requirements. She understands how to keep children safe from harm, including the process to follow, report and identify any welfare concerns.
- The childminder understands that risk assessments are important, such as taking part in fire drills. She knows how to promote children's awareness of staying safe in an emergency and the importance of being aware of their surroundings.
- The childminder knows how to monitor and assess children's progress and achievements, and use this information to ensure they make good progress.
- The childminder understands how to make use of the outside area to extend children's learning, such as accessing local amenities, children's centres and drop-in services.
- The childminder values the importance of a good working relationship with parents. She recognises the need to share information and feedback with parents on a regular basis.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector looked at the areas of the setting used for childminding, including a wide range of resources used when minding children.
- The inspector viewed documentation, including the childminder's policies, procedures, relevant certificates and information relating to children's progress.
- The inspector discussed with the childminder how she utilises the outside area and makes use of the local environment.
