

## **Compliance action taken for childcare provision**

EY425653/C336414

**Date:** 10/07/2018

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 13 December 2017 an inspection was carried out. As a result of the inspection, we have issued a Welfare Requirements Notice to address the following concerns:

#### **Safeguarding practice**

Ensure that all staff, including the management, have up to date knowledge of safeguarding issues, including wider safeguarding concerns, such as signs that may indicate a family is being drawn into extremism or a child who may be at risk of female genital mutilation

#### **Training, support and skills**

Improve the supervision of staff so that they are provided with coaching and support, issues are addressed as they arise and staff's knowledge of safeguarding and children's development is monitored effectively

#### **Risk Assessment**

Take all reasonable steps to ensure that children are not exposed to risks and demonstrate how these risks are managed, with particular regard to children's dietary requirements and allergies

This is a legal notice that requires the provider to take action. The provider will be able to give parents further information about this

On 5 February 2018 an unannounced visit was carried out to monitor the actions within the Welfare Requirements Notice. The provider had addressed part of the actions however, it was not fully embedded and a further

monitoring visit will take place.

We carried out a further monitoring visit on 21 March 2018. All actions had been met.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
