

Complaint about childcare provision

EY271791/C352429

Date: 18/07/2018

Summary of complaint

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 9 July 2018 the provider notified us that the risk assessment of the outdoor area had not been adequate, resulting in an injury. This notification means the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises.

We found that the provider had taken prompt and effective action to prevent a re-occurrence. The action taken was to:

- Adopt a more rigorous risk assessment for the outdoor area, and to remove the item that had caused the injury.

We are satisfied with the action taken by the provider and no further action was required by Ofsted on this matter. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our investigation.

For further information on how we deal with complaints about providers, please view the *Early years compliance handbook* which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted
