

## **Compliance action taken for childcare provision**

321542/C347988

**Date:** 29/06/2018

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. At the early years inspection on 23 May 2018, we had concerns that this provider was not meeting some of these requirements and served a Welfare Requirements Notice with three actions. On 18 June 2018, we carried out a compliance visit and found: the provider had reviewed safeguarding policies procedures with all staff; all staff and committee members had re-done safeguarding training with their Local Safeguarding Children Board; and, all staff have reviewed all the written documents around safeguarding and local procedures, displayed in the setting. We are satisfied with the action that has been taken. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
