The quality and standards of the early years provision	This inspection:	Met
	Previous inspection:	Not met

Summary of key findings for parents

The provision meets requirements

- The childminder understands her responsibility to safeguard children. She knows what steps to take if she has concerns about a child's welfare.
- The childminder describes how she will use assessment to plan and support children's learning.
- The childminder provides a welcoming environment for children. She has a good variety of resources that children can access independently.
- The childminder understands how to promote children's health and well-being. She describes how she will encourage children to keep healthy, for example, by exercising outdoors and providing nutritious meals.
- The childminder understands the importance of sharing information with parents to provide a consistent approach to children's learning and care.
- The childminder recognises the importance of evaluating the service she provides. She describes how she will use feedback from parents and children to help her identify areas for improvement.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
