Summary of key findings for parents

The provision does not meet requirements

- The provider does not ensure that statutory records are available and easily accessible, although documentation is in place to ensure the smooth running of the setting.
- The provider demonstrates that she values partnership working with parents and other professionals involved in the child's life to fully meet their individual needs and to support continuity in their learning and development.
- The provider understands how to deliver an educational programme that meets the requirements of the early years foundation stage. She knows how to assess children's progress and plan for their future learning.
- The provider demonstrates that she understands appropriate behaviour management procedures and how to teach children about healthy lifestyles.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
