Summary of key findings for parents

The provision meets requirements

- The provider understands safeguarding procedures. She can identify any signs that may mean a child is at risk and follow reporting requirements.
- The provider describes how she will carry out thorough risk assessment of the premises to help keep children safe.
- The provider understands how to manage children's behaviour, to help them understand the consequences of their behaviour and respect others around them.
- The provider clarifies how she will observe and assess children's learning and provide effective opportunities to help them make progress in their learning.
- The provider understands how to evaluate her provision and work well with parents, to help improve her practice and meet the needs of the children.
- The provider explains how she will work with parents to continue children's care and learning.
- The provider clarifies how she will support staff's professional development and undertake regular supervisory meetings to ensure strong practice.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector held discussions with the provider about her childcare practices.
- The inspector conducted a tour of the premises to view areas intended for club purposes and checked the suitability of toys and resources available.
- The inspector sampled a range of relevant documentation, including staff's qualifications and training certificates and information records.
