

Compliance action taken for childcare provision

EY422878/C343429

Date: 24/07/2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 31 March 2018 we received concerns that this provider was not meeting some of these requirements. We carried out an unannounced visit on 27 April 2018. We have issued a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out.

Ensure your own safeguarding policy and procedures are followed and action is taken immediately when there are concerns about a child. Make sure the same policies and procedures are followed for children who may have additional needs.

Ensure concerns about a child's safety or welfare is notified to the agencies with statutory responsibilities without delay.

Make sure all staff have up to date safeguarding training and the skills to carry out their roles.

The provider failed to notify Ofsted of significant events / changes in relation to information linked to the setting. This is a breach of registration requirements.

All actions to be completed by 10 July 2018.

We carried out an unannounced visit on 12 July 2018 to monitor the welfare requirement notice actions. All actions were met.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
