

Compliance action taken for childcare provision

Ref: EY305606/C350301

Date: 31 August 2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework-2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 June 2018 and 6 July 2018 the provider notified us about two incidents at the nursery. The notifications mean that the provider has met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of significant events. The nursery has concluded their internal investigations and appropriate action has been taken.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
