

Compliance action taken for childcare provision

Ref: EY279555/3988868

Date: 7 September 2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 6 August 2018 we received concerns that the provider was not meeting some of these requirements. We have served a welfare requirements notice. This is a legal notice that required the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 3 September 2018:

ensure all relevant staff are alert to any issues in a child's life at home or elsewhere, in order to effectively safeguard children

ensure you are able to identify signs of possible abuse and neglect at the earliest opportunity, and respond in a timely and appropriate way

ensure the safeguarding leads have sufficient knowledge and understanding of safeguarding procedures, and are able to make accurate assessments of when information needs to be shared with children's services

review the concerns about children in your care to ensure all relevant information has been shared with social workers and all child protection concerns have been referred to children's services.

The provider has taken steps to meet the requirements. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
