## Summary of key findings for parents

### This provision meets requirements

- The managers recognise the importance of working with parents and other settings that children attend. Key persons regularly share information to help to provide a consistent approach in meeting children's development needs.
- The managers know how to assess children's play and achievements, and key persons plan a range of activities according to children's current interests and needs. Staff and managers monitor children's progress.
- The managers and staff regularly update their knowledge of how to safeguard children. They understand how to identify signs that indicate a child could be at risk of harm. They know how to share concerns with external agencies to keep children safe.
- The managers are aware of the importance of helping children to develop respect for each other and build good relationships. Staff receive training to support children to be independent and manage their own disagreements in a positive way.
- The managers know how to evaluate the provision and understand the importance of keeping up to date with changes to improve the provision and staff practice.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

### **Inspection activities**

- The inspector held discussions with the managers about children's learning and development, and the safeguarding and welfare requirements.
- The inspector reviewed a range of documentation, including evidence of staff suitability checks, policies and procedures, and the staff's qualifications.
- The inspector viewed all the areas used by the children when present.
- The inspector spoke to the managers about their safeguarding policy and discussed the procedures they would follow to keep children safe.
- The inspector viewed written feedback from parents and staff, and discussed their involvement in the self-evaluation process.
