

Compliance action taken for childcare provision

Ref: EY445883/

Date: 19 September 2018

Summary of outcome

On 17 May 2018 we received concerns that the provider was not meeting the requirements of registration. On 30 May 2018 we carried out an unannounced inspection and found that the provider was not meeting the requirements of the Childcare Register. Please see the inspection report for further details.

On 15 June we received further safeguarding concerns. We suspended the provider's registration because we believed children may be at risk of harm. Suspension allows time for the provider to take steps to reduce or eliminate the risk of harm to children.

The provider appealed the suspension with the Health, Education and Social Care First-tier Tribunal. Ofsted's decision to suspend the provider's registration was upheld.

We are taking steps to cancel the provider's registration. The provider has a right to object to our intention to take the step.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
