Summary of key findings for parents

This provision meets requirements

- The provider demonstrates a secure understanding of child protection issues and how to proceed if she has concerns about a child's welfare.
- The provider has addressed all actions raised at the last inspection. For example, she carries out regular risk assessment procedures indoors and outdoors, including when collecting children from school to keep them safe. The provider explains how she helps children learn about road safety. She demonstrates a commitment to improve the club.
- The provider demonstrates how she supports staff to develop their childcare knowledge and skills to help raise the standards of care for children.
- The provider understands how to promote children's good health. She discusses the importance of ensuring children eat nutritious snacks, take part in daily exercises and learn to follow good hygiene practice.
- The provider and staff demonstrate that they are able to work cooperatively with parents to meet children's individual needs. Staff establish links with the schools that children attend to support continuity of care and learning for children.
- The provider and staff know how to support children's play and learning experiences.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

- The inspector held discussions with the provider. Also, she spoke to staff and the children.
- The inspector went out on the school run with the provider.
