The quality and standards of the early years provision	This inspection:	Met	
	Previous inspection:	Good	2

Summary of key findings for parents

This provision meets requirements

- The manager understands the importance of evaluating her practice to plan for improvements. She intends to seek the views of parents, staff and children to help her identify ways to improve children's experiences at the setting and the quality of her setting.
- The manager and staff intend to encourage good behaviour, be good role models and support children's healthy lifestyles.
- There is a variety of resources for children to explore inside and outside. The manager and staff plan to encourage children to take part in activities and follow their own interests.
- Children will be cared for in a secure environment. For example, staff intend to ensure that the door is locked and only people recognised by staff will be able to gain entry.
- The manager and staff intend to complement the learning in school. They plan to support children to develop independence and confidence, and support them in managing tasks for themselves.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
