- The provider recognises the importance of staff training to develop their skills and knowledge. She ensures staff have a secure understanding of safeguarding, including an awareness of risk from extreme views.
- The provider is aware of the need to make use of the children's interests, indoors and outside, to help keep them engaged in their play.
- The provider fully understands the importance of providing children with ample opportunities to support their physical well-being. For example, children are provided with opportunities to have fresh air and exercise, helping to promote healthy lifestyles.
- The provider understands the importance of sharing information with parents about their child's time at the club.
- The provider demonstrates self-evaluation is used effectively, to improve practice.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.
