

Compliance action taken for childcare provision

Ref: EY431521/

Date: 18 July 2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 June 2018, the provider notified us that a child had fallen from a changing table during nappy changing. This notification means that the provider met their legal responsibility as set out in the early year's foundation stage welfare requirements to notify Ofsted of a significant event.

On 28 June 2018, we also received concerns that the provider was not meeting some of these requirements. We found the provider has taken appropriate action in relation to the accident. This includes updating policies and procedures and improving staff's nappy changing practice.

However, we found the provider was not meeting all of the requirements. We have issued a notice to improve. This asks the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this notice. The provider remains registered with Ofsted.

Actions needed:

ensure risk assessments are effective in eliminating risks to children. Risk assessments should clearly identify aspects of the environment which need to be checked regularly. Risk assessments should also identify who has completed the risk assessment and when and how risks are to be removed or minimised by 7 August 2018

ensure all necessary measures are taken to minimise any risks to the health or safety of children by 7 August 2018. (Compulsory and voluntary parts of the child care register)

The provider has satisfactorily met the actions and the case is now closed.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years

commencing on the date we complete our investigation.
