

Compliance action taken for childcare provision

Ref: EY425819/3991724

Date: 27 November 2018

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 8 August 2018, we received concerns that this provider was not meeting some of these requirements. On 26 October 2018, we carried out an unannounced visit to the provider to assess whether the provider was meeting the requirements.

Following our visit, we issued the provider with a Notice to Improve. This is a notice that requires the provider to take the action below within the timescale set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed by 11 December 2018:

ensure the security arrangements support children's safety in the setting and that all reasonable steps are taken to prevent unauthorised persons from entering the premises.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
