

Compliance action taken for childcare provision

Ref: EY561286/C353567

Date: 21 January 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 19 July 2018 we received concerns that this provider was not meeting some of these requirements. We have issued a Notice to Improve. This is a notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Improve the procedures for the safe recruitment of staff so that any gaps in employment found on application forms and/or Curriculum Vitaes's are followed up in a timely manner by 30 November 2018.

Following the issue of the notice, the provider has taken sufficient action to ensure that requirements are now met. Therefore Ofsted will take no further action in relation to the matter.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
