

Compliance action taken for childcare provision

Ref: EY446188/4111556

Date: 6 February 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 20 December 2018, the provider notified us of an incident regarding a child left unattended. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of such instances. On 5 February 2019, we carried out a regulatory visit and found that: the correct adult-to-child ratios were met; the provider had reviewed and amended all the risk assessments, policies and procedures regarding outings; disciplinary action had been taken regarding the incident; and, all staff's safeguarding training was up to date. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
