

## **Compliance action taken for childcare provision**

Ref: 315285/4156004

Date: 19 March 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2).

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 February 2019, we inspected this provider and found they were not meeting some of these requirements. As a result, we served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The inspection report gives parents further information about this notice. The provider is still registered with Ofsted.

Actions needed:

- ensure managers and staff fully understand the club's policies and procedures for safeguarding children, including how to identify and report concerns about children's safety to agencies with statutory responsibilities without delay by 1 March 2019
- ensure managers fully understand the procedures for managing allegations against staff, including the requirement to inform Ofsted of allegations and the action taken in respect of the allegations, within the required timescale by 1 March 2019
- ensure staff implement robust procedures for collecting children from school, so that all children are safely accounted for by 1 March 2019
- ensure the hall is maintained at a comfortable temperature and provide suitable facilities for children to wash their hands after using the toilet by 1 March 2019.

We are satisfied with the action taken by the provider and the next steps will be a re-inspection.
