

T Plus Centre (Taliesin Education)

Loveny House, Miller Business Park, Liskeard, Cornwall PL14 4DA

Inspection dates

4 March 2019

Overall outcome

The school meets all of the independent school standards that were checked during this inspection

Main inspection findings

Part 1. Quality of education provided

Paragraphs 2(1), 2(1)(a), 2(1)(b), 2(1)(b)(i), 2(2), 2(2)(d), 2(2)(d)(i), 3, 3(a)–(g) and 4

- The previous inspection identified that the school's curriculum offer was too limited and did not enable pupils to develop their knowledge and understanding sufficiently. The curriculum did not provide pupils with appropriate opportunities to develop core skills, such as reading, writing and mathematics. Additionally, the school's personal, social, health and economic curriculum was judged to be ineffective. This was because leaders had not ensured that it met pupils' specific needs or identified vulnerabilities.
- Since the previous inspection, the head of centre has extended the curriculum offer. For example, weekly enrichment sessions allow pupils the opportunity to explore different religions and cultures. Pupils' work shows that they engage well in this learning.
- The head of centre has introduced a common approach to planning learning. This is ensuring that assessment is used effectively to identify pupils' prior learning and teaching then builds on this. This approach is seen in a wide range of subjects. However, the implementation of the approach is variable. It is not strong in writing.
- Teaching staff have planned personal, social and health education more carefully. This is now more closely matched to pupils' own experiences and teaches them about a wide range of risks they may face.
- The standards in this part are now met.

Part 2. Spiritual, moral, social and cultural development of pupils

Paragraphs 5, 5(b) and 5(b)(v)

- At the inspection in March 2018, teaching staff did not give enough attention to promoting tolerance and harmony between different cultural traditions.
- As part of the review of the curriculum, this aspect is being strengthened. Teaching staff support pupils to think through scenarios involving moral dilemmas and to consider their own position. Staff help pupils to reflect on their own experiences and review their own responses.
- The school's work to develop pupils' religious and cultural understanding is still at an

early stage of development but is sufficient to meet the requirements of this standard.

- The standard in this part is met.

Part 5. Premises of and accommodation at schools

Paragraphs 24(1), 24(1)(a), 24(1)(b) and 24(2)

- At the inspection in March 2018, the proprietor had not ensured that there were adequate facilities for the short-term care of sick or injured pupils.
- Leaders have installed a wash-hand basin with hot and cold running water in a room next to the toilet facilities.
- The standards in this paragraph are met.

Part 6. Provision of information

Paragraphs 32(1), 32(1)(a), 32(1)(b), 32(1)(c), 32(2), 32(2)(c), 32(3), 32(3)(b), 32(3)(e) and 32(3)(f)

- All the information required for this progress monitoring inspection was available either on the school's website or on request.
- The proprietor appointed two governors following the previous inspection. The school's website now contains details of the governors and how they may be contacted.
- The website also includes the outcomes for Year 11 leavers (three pupils) in 2018. It provides a list of courses and the number of pupils who qualified in each one. There are no key stage 2 outcomes as there were no pupils in Year 6 in the previous academic year.
- The complaints procedure has been overhauled and is published on the school's website. There have been no formal complaints received since the previous inspection.
- The standard in this part is met.

Part 7. Manner in which complaints are handled

Paragraph 33, 33(h), 33(i) and 33(i)(i)

- The proprietor had not ensured that the complaints procedure complied with the Independent School Standards at the inspection in March 2018.
- The proprietor has ensured that the policy now allows for parents to be accompanied at any stage of the procedure. It details how the findings of investigations will be recorded and communicated.
- The standard in this part is met.

Part 8. Quality of leadership in and management of schools

Paragraphs 34(1), 34(1)(a), 34(1)(b) and 34(1)(c)

- At the inspection in March 2018, the proprietor, leaders and managers did not demonstrate a secure understanding of the independent school standards. As a result, many standards were not met.
- The head of centre has developed a greater understanding of the requirements of the standards. He has worked with the proprietor to tackle the shortcomings identified at the

previous inspection. As a result of their actions, the standards that were not met at the previous inspection are now met. This shows the deeper understanding of the standards and their role in ensuring that the school meets them.

- This standard in this part is now met.

Information about this school

- The T Plus Centre has spaces for 14 boys aged between seven and 16. There are currently eight pupils on the school's roll.

- Some pupils are living in care. The school maintains regular contact with social services with regard to the attendance of these pupils and any concerns that may arise.

- The previous standard inspection, carried out in March 2018, evaluated the school as being inadequate. At that inspection, the school's safeguarding arrangements were judged to be effective.
