

## **Compliance action taken for childcare provision**

Ref: EY281897/4091802

Date: 29 March 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 28 November 2018, we received a concern relating to general suitability of staff and the premises, staff deployment, ratios and care practice within the setting. We undertook an unannounced visit on 27 February 2019. We found that the provider had taken appropriate action to address the weaknesses identified and was meeting all requirements. We therefore took no further action. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
