- Staff understand how to guide and promote positive behaviour and effectively support children's physical and emotional well-being.
- The manager describes appropriate experiences for younger children. She understands the value of gaining information from parents about children's interests and individual needs. Staff understand how to compliment what is being learnt at school through enjoyable activities.
- The manager understands the importance of promoting children's awareness of healthy lifestyles. Staff know to provide healthy snacks and encourage children to be physically active.
- The manager demonstrates a strong commitment to the continual development of the club. She regularly seeks the views of parents, staff and children to help her evaluate and make improvements to the quality of provision.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector had a tour of the areas used by children. She discussed how the club operates and viewed resources offered.
- The inspector looked at a sample of policies, including the safeguarding procedures, and discussed how staff intend to use them.
