

## **Compliance action taken for childcare provision**

Ref: 316453/4169244

Date: 30 April 2019

### **Summary of outcome**

All early year's providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at

[www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 1 March 2019, the provider notified that a child in their care received burns when hot food which was accidentally spilled onto their hand when serving. This notification means the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises. Following a thorough telephone discussion to the manager of the setting and the child's parents, we found that the provider had taken prompt and effective action to prevent a reoccurrence.

The action taken was to:

- review risk assessments in relation to preparing and handling hot food. (Risk assessment)
- retrain staff with regards to the settings policy and procedures for handling hot food and the procedure for re-heating food. (staff qualifications, training and skills)

We are satisfied with the action taken by the provider. The next steps will be to conduct a full inspection. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

## **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
