

Compliance action taken for childcare provision

Ref: EY499615/4198235

Date: 7 May 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 April 2019 we visited the setting and found that this provider was not meeting the requirement for Information and records. We have issued a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Action needed by 22 April 2019:

maintain required documentation to ensure the safe and efficient management of the setting and to help ensure the needs of all children are met. This is with regard to ensuring that records, such as first-aid certificates, are easily accessible and available and that clear records of children's and staff's hours of attendance are in place.

On 23 April 2019 we visited the setting to monitor the steps taken to meet the Welfare Requirements Notice. It was found that clear records and required documentation is now in place to ensure the safe and efficient management of the setting and to help ensure the needs of all children are met.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years

commencing on the date we complete our investigation.
