

Complaint about childcare provision

Ref: EY537446/4174537

Date: 2 April 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 and 26 March 2019, we received we received concerns that this provider was not meeting some of these requirements. We looked into this information and found that the provider was not meeting all of the requirements. We have served a notice of action to improve that requires the provider to take the action below within the timescales set out. The provider responded in writing, confirming what action they had taken to meet the requirements. We were satisfied with their response. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed:

Ensure that staff: child ratios are consistently met, so that staffing arrangements meet the needs of the children and they are adequately supervised at all times.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our investigation.
