

Compliance action taken for childcare provision

Ref: EY466162/4222131

Date: 20 May 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 2 May 2019 we received concerns that this provider was not meeting some of these requirements. We sent the provider a notice of action to improve which asked them to take the action below in the timescale set out. The provider will be able to give parents further information about this.

Actions agreed by 31 May 2019:

ensure that all staff, including the designated lead person for safeguarding, fully understand and implement the child protection policy, with particular regard to management of allegations against staff.

The provider resigned their registration before we had opportunity to monitor compliance with this action. The provider is no longer registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
