

Compliance action taken for childcare provision

Ref: EY477974/4102493

Date: 20 May 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 10 December 2018 we received concerns that this provider was not meeting some of these requirements. A compliance visit was undertaken, which found that the provider had taken prompt and effective action in relation to the concern.

During this visit, it was established that staff's knowledge and understanding of some aspects of safeguarding was not fully embedded, especially in relation to the 'Prevent Duty.' We sent the provider a notice to improve which asks the provider to take action. The provider will be able to give parents further information about this.

Actions needed:

improve staff's knowledge and understanding of safeguarding, especially in relation to the 'Prevent Duty' to help to keep children safe from harm by 9 April 2019.

The provider satisfactorily met the action raised and remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
