

## **Compliance action taken for childcare provision**

Ref: EY361731/4212483

Date: 23 May 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2) . If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 April 2019 the provider notified us that a child left the nursery unaccompanied. This notification means that the provider met their legal responsibility, as set out in the early years foundation stage welfare requirements, to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is in regular contact with, children on the premises. We found that the provider had taken prompt and effective action to prevent a re-occurrence. The action taken was to:

- risk assess and review the pre-school routines for times when children are collected by parents/carers
- ensure security of the premises and the effective supervision of children.

We are satisfied with the action taken by the provider and no further action is required by Ofsted. The provider will be able to give parents further information about this. The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
