

Compliance action taken for childcare provision

Ref: EY301031/4234277

Date: 23 May 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. During a visit on 20 May 2019 we found that this provider was not meeting some of these requirements. In particular that risk assessment and safeguarding practice was poor. We found that not all of the 'Statutory framework for the early years foundation stage' requirements were being met. We suspended the provider's registration because we believed children may be at risk of harm. Suspension allows time for the provider to take steps to reduce or eliminate the risk of harm to children. The provider will be able to give parents further information about this. The provider resigned on the same day the suspension notice was issued and is no longer registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
