Inspection date	21 May 2019
Previous inspection date	13 January 2016

The quality and standards of the early years provision	This inspection:	Met	
	Previous inspection:	Good	2

Summary of key findings for parents

This provision meets requirements

- The manager demonstrates secure knowledge of the early years foundation stage and knows how to support the well-being of children. For example, the manager understands how to meet the needs of young children. She has written policies and procedures to enable staff to manage the provision safely, such as risk assessments.
- The manager has sound knowledge and understanding of her responsibility to safeguard children. She understands the importance of sharing information and knows what to do should she have concerns about a child.
- The manager knows to offer a well-resourced, safe, and spacious environment indoors and out, for children to explore and learn. She recognises the importance of working with parents to support children's developmental next steps, and help them make the progress of which they are capable.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector discussed with the provider how they intend to deliver the educational programmes for children.
- The inspector looked at policies and documents the provider will use when caring for children.
- The inspector discussed with the provider their self-evaluation form and improvement plan.
- The inspector discussed safeguarding and welfare requirements with the manager.
