

## **Compliance action taken for childcare provision**

Ref: EY362636/4236927

Date: 12 June 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 20 May 2019, we received a notification from the provider that a child had left the provision unsupervised. The provider met their legal duty to inform Ofsted of a significant event within the prescribed timescales. On 29 May 2019 we conducted an unannounced visit. We found the provider had reviewed their risk assessments to ensure that the home is secure and that children are always supervised, to reduce the risk of harm. The provider will be able to give parents further information about this. However, during the visit we found that the provider was not meeting some requirements. We served a welfare requirement notice to improve. This is a legal notice that requires the provider to take the actions below within the timescales set out.

#### Actions needed

provide Ofsted with the required information to check the suitability of all individuals living in the home

ensure that minimum adult-to-child ratios are met at all times

gains a thorough understanding of events/changes that must be notified to Ofsted.

The provider remains registered with Ofsted.

## **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
