

## **Compliance action taken for childcare provision**

Ref: EY248113/4225608

Date: 6 June 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 8 May 2019 the provider notified us of an unexplained injury to a child. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of any significant events. We visited the provider on 29 May 2019 and issued them with a notice to improve. The provider will be able to give parents further information about this. Action set

- ensure that staff are confident in gathering the information they need to make informed decisions about potential safeguarding concern, particularly in relation to injuries that children sustain away from the setting by 19 June 2019.

The provider has provided written confirmation that they have met the action. The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
