

Compliance action taken for childcare provision

Ref: EY269379/4252307

Date: 19 June 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 10th June 2019 we received notification that this provider was not meeting some of these requirements. In particular, the requirement relating to child supervision. The notification means that the provider met their legal responsibility as set out in the early years foundation stage to notify Ofsted of any significant event.

On 17th June 2019, we carried out an unannounced visit to the setting and found the provider had taken prompt and appropriate steps to ensure children are appropriately supervised at all times. We are satisfied with the action taken by the provider to rectify the breach of the statutory requirements and therefore it was not necessary for Ofsted to take any further action.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
