

Compliance action taken for childcare provision

Ref: EY468796/4190399

Date: 30 April 2019

Summary of outcome

'All early years providers must meet the legal requirements in the 'Statutory framework for the early year's foundation stage', which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2> If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On the 27 March 2019, the provider notified Ofsted of a significant event which raised concerns that the provider was not meeting some of the requirements.

On 29 April 2019, we conducted an unannounced visit to the setting. Following this visit we served a notice to improve. This is a legal notice that requires the provider to take the action below:

ensure that risk assessments are carried out in all areas of the premises inside and outside to help remove any hazards and help keep children safe.

We set a completion date of 30 April 2019 for this action to be met. The provider will be able to give parents further information about these matters. Ofsted has received an appropriate response to the action to demonstrate that requirements are now met.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
