

Compliance action taken for childcare provision

Ref: 319382/4242438

Date: 11 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 29 May 2019, the provider notified us that a child had gone missing. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of such instances. On 13 June 2019, we carried out a regulatory visit and found: staff carry out daily health and safety checks and staff had completed safeguarding training. During the visit, we also identified weaknesses. We sent the provider a notice to improve with two actions. This is a legal notice that asks the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider was still registered with Ofsted.

Actions needed:

- review your current arrangements for welcoming children with special educational needs and/or disabilities (SEND) into the provision, with particular regard to obtaining important information that may affect their care – by 17 July 2019
- review your current record-keeping arrangements to ensure that all children who attend the provision have accurate and up-to-date information available about their care needs and ongoing development – by 17 Jul 2019.

We are satisfied with the action taken by the provider. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
