

## **Compliance action taken for childcare provision**

Ref: EY470180/4249744

Date: 11 July 2019

### **Summary of outcome**

We publish details of any actions we take, or childcare provider takes to bring about compliance with legal requirements.

We publish details on our website for a period of five years commencing on the date we complete our investigation

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 05 June 2019, the provider notified us of a significant event. We needed to investigate to see whether the setting was meeting the Statutory framework for the early years foundation stage relating to risk assessments and safeguarding and welfare requirements. We do not investigate to prove or disprove a complaint but we look into the information we receive to see if the childcare provider is meeting all legal requirements. On 11 June 2019 we carried out an unannounced visit to the premises. We found that risk assessments were not sufficiently identified and addressed to help promote children's safety and well-being at all times. In addition to this, we could that the children does not ensure effective behaviour management strategies are in place to help children manage their own feelings and behaviour. Following our visit, we sent the provider a notice of action to improve that asks the provider to: - ensure that effective systems are in place to help children manage their own feelings and behaviour and implement robust risk assessments that help to promote children's safety and well-being at all times. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
