

Complaint about childcare provision

Ref: EY344955/4251436

Date: 27 June 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 05 June 2019 we received a notification from this provider regarding a concern from a parent that they were not meeting one of these requirements. We have served a notice to improve that requires the provider to take the action below within the timescale set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed by 02 July 2019:

ensure that risk assessments are robust, and staff are able to identify and remove all risks to children, with particular regard to electrical resources in the baby room.

We are satisfied with the action the provider has taken. The provider remains registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our investigation.
