

Compliance action taken for childcare provision

Ref: 2497344/4262215

Date: 18 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. The setting was inspected on 17 June 2019. A copy of the report is published on the Ofsted website. Following the inspection, we served a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out.

Actions needed by 28 June 2019.

make sure vetting and recruitment procedures are robust and enable you to determine the suitability of staff

ensure records are easily accessible and available to Ofsted, as required

make sure all staff have up-to-date knowledge and understanding of safeguarding issues, including Female Genital Mutilation (FGM); and Prevent duty guidance

ensure staff use risk assessments to identify aspects of the premises that need to be checked on a regular basis and take action to remove or minimise the risk

ensure staff receive the monitoring, coaching, and support they need to be competent to carry out their roles and responsibilities make sure staffing arrangements are effective, meet the needs of all children.

The provider will be able to give parents further information about this. Ofsted carried out an unannounced monitoring visit on 2 July 2019 and found that the provider had satisfactorily addressed the actions. The provider is still registered with Ofsted.
