

Compliance action taken for childcare provision

Ref: 137365/4272702

Date: 19 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On the 04 July 2019, we received information that raised concerns that the provider was not meeting some of the requirements. Following this we carried out an unannounced visit to the setting on 15 July 2019. We have issued the provider with a notice to improve that requires them to take the actions below by 05 August 2019. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed:

- ensure that people who lead safeguarding at the setting, and the staff team have a secure understanding of the setting's policies and procedures with relation to safeguarding and the importance of referring allegations in a timely manner
- ensure that all those who are in direct contact with the children are suitable to perform their roles and relevant documents are readily available for people who have a professional need to see them.
- ensure that staff have the knowledge and skills to manage children's behaviour consistently and to teach them how to keep themselves and others safe from harm.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years

commencing on the date we complete our investigation.
