

## **Compliance action taken for childcare provision**

Ref: EY461031/4261570

Date: 22 July 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20th June 2019, the provider notified us of a significant incident relating to a safeguarding concern. This meant that they met their legal duty to inform Ofsted of a significant event within the prescribed timescales. However, the information received raised concerns that the provider was not meeting the requirements in relation to safeguarding procedures and practice. We made an unannounced visit on 15th July 2019. We found that the provider had taken appropriate steps to address the weaknesses in practice and breaches of requirement identified. We therefore took no further action. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
