

Compliance action taken for childcare provision

Ref: EY243975/4276519

Date: 24 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 July 2019, we received information about an incident that happened at the setting. We visited the provider on 22 July 2019 and found that they had taken appropriate action. We found no breaches of requirements relating to the concerns. We have issued them with a Notice to Improve related to a separate matter. This is a legal notice that requires the provider to take the action below within the timescale set out. The provider will be able to give parents further information about this.

Action needed:

improve knowledge about changes or significant events that must be notified to Ofsted, by 5 August 2019

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
