

Compliance action taken for childcare provision

Ref: EY487116/4277079

Date: 26 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 July 2019 we received information that this provider was not meeting some of these requirements.

On 23 July 2019 we visited the provider and have served a notice to improve that asks the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this.

Action needed by 23 August 2019:

ensure that all staff know and understand the nursery's policies and procedures to meet children's health and welfare needs, including the arrangements for children who have allergies and if children arrive to the nursery with injuries.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-
