

Compliance action taken for childcare provision

Ref: EY371815/4236604

Date: 31 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 May 2019 we carried out an inspection which resulted in an inadequate with enforcement outcome and we have served a Welfare Requirements Notice as a result. This is a legal notice that requires the provider to take the actions below within the timescales set out. We also received concerns that this provider was not meeting some of these requirements. In particular the requirement relating to safeguarding and the use of mobile phones and unauthorised people in the setting.

We monitored the Welfare Requirement Notice to review the action taken. We are satisfied with the action taken by the provider to rectify the breaches of the welfare requirements and therefore it was not necessary for Ofsted to take any further action.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
