

## **Compliance action taken for childcare provision**

Ref: EY428277/4276379

Date: 5 August 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find a provider is not meeting the requirements, we can take action to ensure they put matters right. We completed an inspection on 2 July 2019. As a result of this inspection we served a Welfare Requirements Notice. The Welfare Requirements Notice is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

### **Actions needed by 22 July 2019**

improve knowledge of wider safeguarding issues, with particular regard to the 'Prevent' duty guidance to keep all children safe from harm

improve risk assessments to provide a safe environment for children, with particular regard to the care of pets

improve the supervision of children around family pets to help ensure children's safety at all times

manage children's behaviour consistently and teach them strategies to help them manage behaviour for themselves, to further support their personal, social and emotional development.

ensure there are effective procedures to keep children safe in the sun

We carried out a compliance visit on 25 July 2019 and are satisfied with the action the provider took to meet the Welfare Requirements Notice.

The provider remains registered with Ofsted.
