

Compliance action taken for childcare provision

Ref: EY463056/4300830

Date: 9 August 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 7 August 2019 we received a notification from the provider. The notification means the provider has met their legal responsibility to notify Ofsted of significant events. On 8 August 2019 we visited the provider to discuss the notification. We found that the provider has taken prompt action to inform parents of the incident. The provider has also made appropriate changes to the procedure for taking children on outings. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
